Thursday: 1pm – 6pm
Saturday: 9am – Noon

Book Drive Updates

We had an amazing response to our Book Drive for Youth Literacy this year! Thanks to the generosity of our library supporters, we were able to raise \$435 – well over our goal of \$250! As a result, we will be able to purchase over 40 new books to use during our Summer Reading Program. We are so grateful for the wonderful support that we've received, and we're excited to pass on the benefits to our community's children this summer!

Mother's Day Craft for Kids

Spring is finally here and Mother's Day is just around the corner! Help us celebrate by attending our drop-in craft Saturdays on May 5 and 12. Participants can make tissue paper flowers to give their favorites ladies on Mother's Day.

We also have several spring and gardening books available for both children and adults. We look forward to celebrating the warmer weather with everyone!

Please join our last LEGO Club before Summer!

LEGO Club will wrap up its 2017-18 schoolyear schedule with its final meeting on May 10th at 5:00pm. But don't worry – LEGO Club isn't ending for good. We will look forward to a new summer schedule that includes other Summer Reading Program events. Please check out our summer schedule to the right! 

Summer Reading Program: Win a Kindle or Toy Guitar!

Another Summer Reading Program is just around the corner, and we're excited to invite kids of all ages to help us explore this year's theme – "Libraries Rock!" We have a lot happening, so take a look at the upcoming activities and important dates listed below:

Registration

Starting May 29th, participants may stop into the library to register (parent/caregiver signature required), pick up Reading & Activity Logs, and to learn about this summer's activities and prizes. There is no deadline to register; however, we recommend signing up early to ensure as much time as possible to complete logs before the program ends on July 28th.

(We also offer online registration. Check out our website after May 29th to access the registration form and print logs from home!)

Reading & Activity Logs

All participants will use their Reading & Activity Logs to track their progress in our summer program. When logs are completed, they can be returned to the library and redeemed for a small prize. All children who complete their logs will also be entered into a grand prize drawing!

Grand Prizes

Ages 0-5: Toy Electric Guitar
Ages 6-18: Kindle Fire

All children ages 3-12 who register will receive a free pass to the Blank Park Zoo in Des Moines!

Summer Events Schedule:

"Libraries Rock" Kickoff Event with Sac County Conservation: June 9 at 10:30am
LEGO Club: June 13 & 27 and July 11 at 2:00pm (ages 6+)
Story Time: June 23 and July 7 & 21 at 10:30am (ages 0-12)
Family Carnival Day & Grand Prize Drawing: July 28 at 9:30am

We look forward to spending a rockin' summer at the library with our participants!
